## GLOBAL MISSIONS SERVICE

Ron and Terry Brian, missionaries since 1994, led Haiti's revival after the 2010 earthquake. They established two children's homes and a clinic and focused on Bible school and national leadership training. During their last term, security issues in Haiti forced them to abandon their residence. In May 2023, the Global Mission Board expanded their appointment to include Trinidad and Tobago. They are working with the national church in Haiti to oversee the children's homes, medical clinic, educational institutions, and other programs. However, they have relocated to Trinidad and Tobago until the security situation improves. Bible school training and leadership development will prepare the church for a greater harvest in Trinidad and Tobago.
