Global Missionary Service

Jack & Michiko Coolbaugh

In 1994 the Coolbaughs left secular employment to minister in Thailand. After learning the Thai language, Brother Coolbaugh opened a full time Bible school in 1999 in a local church building and then designed and built a permanent school facility in 2003. To date more than 200 have studied at the school, with 83 staying the full two years to graduation. These young graduates are transforming the outreach, worship and lifestyle of the church throughout Thailand with their enthusiasm, strong spiritual standards and excellent knowledge of the Word of God. The Coolbaughs' focus upon returning to Thailand will be on evangelizing unreached areas.
