

Global Missions Service

Date: _____

Chris & Penny

Gibbs

Malawi

The Gibbises spent two years in Malawi on the AIM program before receiving their missionary appointment in 2012. Upon their return to the field, the Gibbises have seen over 200 new churches started in the nation of Malawi. Over the last eight years the Lord has beautifully filled over 35,000 souls with the gift of the Holy Ghost, 220 men and women have come through Apostolic Bible College and are now pastoring thousands. The winds of revival have moved across Malawi's Sunday schools, college universities, and even at funeral services. Chris and Penny have hosted many AIMers and are always interested in hosting churches, youth groups and those with a burden to help see the harvest of souls. Malawi affords many ministry opportunities from teaching in the Bible college, evangelism, outreach, graphic design, construction projects at every level, children's ministry, youth ministry, campus ministry and compassion services projects.
