## Steve and Yvette Phelps Nigeria

The Phelpses received their missionary appointment in 2011. They arrived in Uganda where they started a GATS school – the Apostolic Bible College of Uganda. In 2015 they transferred to Lagos, Nigeria, where they started another GATS Bible school in 2016. Steve helps to oversee the work with special emphasis on church plants in Lagos and the Western Region of Nigeria; he is the principal and an instructor to the Lagos Bible school; oversees all Purpose Institute locations in Nigeria; holds oneness seminars throughout Nigeria; and pastors a new church plant in Lagos. Yvette works along side her husband as an instructor; administrator of the school; music worship minister; music training; and other aspects of the work. When the Phelpses return to the field they plan to continue working in the Bible school, holding oneness seminars, and they have a long-term goal to purchase land to build a campus for the Ministerial Training Centre of Lagos. They hope to plant new churches in the city of Lagos which has a population of twenty-two million souls.
