Spain

This year we are celebrating 25 years of the United Pentecostal Church of Spain. We invite you to join us for our National Convention, December 1st-3rd. We'll be honoring the past, celebrating the present, and looking ahead to the future. If you've ever wanted to visit Spain, this would be a wonderful time to come and witness firsthand what God is doing in this Nation.

Andorra

The following is a brief testimony written by one of our new converts in Andorra:

I belong to a Catholic family. We believe that God created the world, mankind and all that exists on it. That He resuscitated from the grave after 3 days. That's all what I know. So I thought that's all! In 2011, I started attending church services where a Christian normally goes. I did not see any changes in my life attending another denomination when I have to compare being a Catholic. So, I just consider it as a routinary thing to attend and that's all.

So, in 2012 I opened a restaurant, which means that I got no time for church. My priority was my restaurant. During the first year it did work well, but then the figures went down and can't pay the expenses. I lost nearly all, materially speaking. Don't know where to go, what to do. And it was my younger sister who kept on telling me that I must not lose hope. That I have to believe, go back to Him and start from the very beginning. And this is what I did. I started again to attend services and bible studies. And I had peace of mind, because I know that by FAITH, all will be fine. It's just a matter of time. And HE really did! That means, NEVER is too late to repent and go back to Jesus. He had plans for me and for us. "Man shall not live by bread alone, but by every word that proceeds out of the mouth of God". Have time for our Lord Jesus. Because He is there to provide what we need. We need spiritual fulfillment too and NOT by food alone. You could just imagine how was my situation at this moment. I really can't believe it! I got depression and I nearly have to give up! But Jesus show me the WAY, the people, the source. I was hired, worked and slowly recover financially. It was not as much as I have before but knowing Jesus makes me whole, happy, contented and satisfied with what I have. I have JESUS with me and that what counts.

And thanks to the life of Pastor Beebe and family that the Pentecostals of Andorra was established through their efforts. We have the church where we could unite and worship the Lord Jesus. It was and is indeed a blessing to us here in Andorra.
