Life and Ministry in the Pandemic

As is the case with most other places in the world, here in Chile the stay at home order is still in place and the government have not allowed the churches to hold services in their places of worship. My, how we miss it! We are praying that we can return as soon as possible. We as a family are well; we are able to go to the supermarket and have not been lacking in anything that we have needed and we are thankful for that.

We have continued preach and teach "online" for different churches, as well as working together with fellow missionary Bro. Dan Barkley, connecting with Pastors to encourage them.

Metropolitan Zone Online Conference

The 15-17 of May the Metropolitan Zone held an online conference, It was a great honor to have Bro. Eugene Dominguez, Bro. John Hopkins and our Global Missions Director Bro. Bruce Howell as the speakers. The brethren reported that as a result 17 people were baptized in Jesus name and 2 received the Holy Ghost in their homes.

Bible School

In the month of June the Bible School Committee allowed me to participate with them. We have been working with Bro. Barkley preparing Bible School to be done by online video conferencing. We are excited to report that we have begun clases on August the 3rd with 44 students enrolled!

Reports

April 11th, Pastor Gadiel Casares, here Valparaiso, baptized 5 souls in Jesus name.

Nacional Secretary Bro. Pablo Rios reportes 13 baptisms in Jesus name in the month of July for our church in Macul and our church in Santiago Centro. Our church in Malahue baptized one soul as well.

The gospel is being preached and souls saved in the midst of the pandemic!

Thank You for your faithful prayers and financial support!
