

# JAPAN HARVEST

## One plants, one waters, God gives the increase!

Thanks to the North American churches partnering with us, we now have 68% of our budget raised: glory to God! We are so excited to return to the field soon! There is much work to be done in Japan. Our vision is to have an Apostolic training center and house of prayer in each of the forty-seven states in Japan. We still need your help with the following projects. Please consider giving to:

Our churches project (for planting new churches across Japan): \$42,000 needed

Our language project (for us to be more effective in training): \$3,550 needed

Churches Project #2107

Language Project #2703

Bro. S recently received the gift of the Holy Ghost! He is a business owner in Hiroshima. We were informed a few days ago that he has decided to take his entire staff, along with his family to Okinawa for our Southern Regional Conference! What boldness and what a business trip they are sure to have! It is so exciting to see the spirit of God at work in the lives of His people in Japan.

This deputation, as we fellowshiped with a pastor and his wife, he told us about a Japanese woman that he had pastored more than twenty-five years ago. She, along with her American husband had been born again and were a great blessing to their family, including being a nanny to their children. She was loved by all. After her husband's passing, she returned to Japan at his request, to be with her children from a previous marriage. This pastor and his wife had not been able to connect with her all these years and hoped that she was still alive. They had continued to pray for her.

After service, the pastor asked me to try and call a couple phone numbers that he had for her. When I called the second one, the lady's son answered and said that she was alive and healthy! She is now eighty-nine years old and still working a job!

The pastor and his wife drove to our hotel and were able to finally connect with her after over twenty-five years. We were also able to ask a pastor from Japan who lives near to her to join the call. Their friend and this pastor exchanged numbers and hope to meet soon! What a God-connect!

*"We would like to express our deepest gratitude to those of you that have sacrificed to ensure we continue to fulfill our calling to Japan and Asia. Thank you for your prayers and support. They are truly making a difference! We are currently on the deputation road! Looking forward to returning home soon in God's perfect timing."*

Your fellow-laborers in His harvest,

Les & Laura Clevenger
