Associated Minister Greg Byers and Sister Byers Bring Strengthening Renewal to the Thai People

The Thai people and ministers are deeply grateful for the many friends and supporters that come to encourage them, and it is especially wonderful when many are able to come frequently. Brother and Sister Byers are two of those friends that come often and have recently strengthened many Thai church congregations, and three churches are seen above! Bible School Senior Instructor Brother Suwit and Brother Coolbaugh provided the interpretations with Bible School staff coordinating services and needs.

Jesus Delivers New Student From Drug-Induced Torment

← This new student came to study at the Bible School with serious depression and a mind that had been ravaged by drug use. He became greatly physically agitated in mental torments and the school prayed for him in his school dorm room while his mother and father came to take him home. But, even in his torments, he told them he wanted to stay. The next day he was baptized at the school and came up out of the water with pure peace and joy on his face and that remains to this day. **Jesus has delivered him!**

Encouraging Future Ministers!

Brother and Sister Byers with Brother Coolbaugh interpreting brought wonderful encouragement and counsel for their impending ministries. The service of worship, ministry and prayer for the students included special prayer for the USA using a flag Brother Byers brought. ↓
