

SÃO PAULO

BRAZIL

Church Services

The government of Brazil has been particularly hard on churches. Churches have been closed in most locations since March. We have been having service from house to house, just like the book of Acts. We have had more visitors during the home services than we were having in our normal church service. We are going to five to seven different homes every week.

Bible School

Our Bible School has remained open during this time! We have not missed one week. God's word is still precious and it is still going forth.

Virus Free

As of this update, we have had no cases of COVID-19 in our church families. Our community has seen very few cases even as the surrounding communities have suffered greatly. Thanking God for His protection.

God is Still Working

Even in troubled times, God is still moving and calling souls to salvation. We are thankful for seven baptized in the Name of Jesus. The difficulties here have brought the church closer together and we are seeing revival in our lost family members. We thank God for everyone that He has entrusted to us.

Effecting our Community

People do not care what you know until they know how much you care. We are helping our community by giving food to needy families.. We have been able to help ten families with their basic needs. We are thankful that God has made a way for us to be a positive influence in our community.
