

FOLLMER MISSIONS-SWEDEN

THE TIME IS NOW!

As the summer comes to an end and we enter into autumn we want to update you on what has been happening in Sweden. It was a very full summer and God is moving in so many ways. We are excited for services starting in a new town and so many people coming. We hope you are encouraged as you read what God has been up to here in the country of our calling. Thank you for continuing to join us in prayer for this beautiful nation and the revival taking place!

FAMILY

We are so excited to let you know that Finlay was baptized in July. It was so special that he chose to be baptized on the same day his dad was several years ago! ;) Alanna has taken charge of leading a Sunday School class once a month in our Uppsala services and is doing an amazing job! We have had over 12 kids who we come to these new services! Continue to pray with us for these MK's. That God protects them, leads them, and uses them for His glory!

CHURCH

We continue to help in the church in the capital city of Stockholm. We also began holding services in our home city of Uppsala once a month. In our last service we had to go to a different location because there were too many to fit in our apartment. We had over 25 people join us and we are so excited for all God is doing in our home city! We need larger locations to meet in both cities, so please pray with us for open doors to meet.

FUTURE

We continue to hold services in Uppsala and have had many attending. We are looking for a larger location and continue to meet more people that are interested in joining us. We are planning a special Worship night in October in combination with other believers in our city. School prayer will begin again once a month and we have a lot of parent interest. We also are making plans to reach out to the new student population that is coming into our University city!

Prayer Needs:

- Pray for new locations to meet in our cities with current works. We are believing for permanent locations!
- Pray for favor in our family's visa process/situation.
- Pray for revival to truly break out in Sweden. That we see the miraculous!
- Pray that we can establish an easier route for AIMers and others to be able to come and work for the church in Sweden.
