

SWISS MISSIONS

Twelve years ago there were no active UPCI works in the nation of Switzerland. For many years powerful men and women of God from North America and Europe came to plant seeds without the possibility of remaining. Since then, God has miraculously given the increase, and now those seeds are trees bearing their own fruit.

The churches located in Geneva and Bern have thriving Apostolic leadership! These apostles are addicted to the work of ministry and passionate about reaching this nation with the Gospel. It is a privilege to work alongside them and witness the glory of God that will be revealed in this land. Take a look and see all that God has done in this past year!
