## Together Conference

(Tallinn, Estonia)

Everyone was very blessed at the Baltic conference this summer. The theme was "Together" and that is how we feel about Latvia and missions. A small group from Latvia went and **one young lady received the Holy Spirit. Prior to this another young woman also received the Holy Spirit.** We want to work together in order to see the harvest that God is preparing.

Rev. Allan & Georgene Shalm visited us in Latvia before speaking at the Baltic Conference. This was a great blessing to us personally and to the home group.

We are so thankful to be in Latvia and to work toward God's great vision of harvest. We believe that the harvest is great, but the laborers are few.

### Prayer Requests

That God will raise up apostolic laborers in Latvia.

Our vision is to see apostolic, Latvian ministers working together to fulfill the great commission.

## Europe's Regional Ladies Conference

(Vienna, Austria)

(The Baltic Ladies)

### What a time we had!

Once again, the theme was "Together". Are you feeling the pull towards unity in our region yet? We do and it is just what

was needed to prepare for the days ahead.

The Ladies from the Baltics enjoyed the conference. It was good for them to meet other women in our region who believe the same message. They were introduced to worship and praise in ways that they had never seen before this conference.

(Latvian representation)

We are partnering together to reach Latvia. Partnering and working together is what we see through faith and are speaking as the church in Latvia moves forward.

**Thank you for being kingdom partners.**

May God's kingdom come everywhere we go, in Jesus name.
