

- FRANCE -

Dear Partners in Mission: After 4 months of quarantine and online services, finally we opened the door of the church on June 28, with the rules and regulations dictated by the French government. We have two services Sunday mornings with registration and social distancing. But we are SO happy to let you know that nothing can stop the church of the living God. Ever since we started services, we are baptizing people in Jesus Name just about every Sunday. Just look at these happy young people who are giving their lives to Jesus! The saints are SO happy to be back in church TOGETHER with the family of God, and everyone worships and prays with all of their hearts. The Lord Jesus is preparing His Bride for the rapture!

2 Corinthiens 12 : 9

In the month of August, we had a virtual National Women's Conference.

Our theme was "**Women of Courage**"!

In these unusual and difficult times, we need to be strong in the Lord and in the power of His might. Our speakers were pastors' wives from France speaking on topics such as how to conquer fear, spiritual warfare and other. We had over 400 participants.

We are so thankful to you, our Partners in Missions, for your continual, consistent and faithful support in prayer and finance for the last 42 years. Without you we could not have accomplished this mission. We are laborers together with God. This is our time. Revival is NOW !
