

# Windward Islands and French Guiana Partners in Missions Newsletter - Spring 2017

Dear Friends and Partners in Missions,

Each time we write to you, we are reminded of your love for God's work, for missions, and for us. Sharon and I join our voices with the thousands who have been saved in the Windward Islands and French Guiana in saying **THANK YOU!** Without your prayers and gifts, we could not stay ministering on the field.

Many things have happened since our last PIM letter. Many have been baptized in Jesus name and filled with the Holy Ghost. The building in Mount Horn was dedicated. Scott and Linda Guinn spent three months in French Guiana, blessing our churches and doing phase one of Purpose Bible Institute.

The building project in Mount Parnassus, Grenada, is progressing. Pastor Elwin Francis is a great preacher-teacher, and also a builder.

Joseph Landaw and Pastor Francis are in the photo on the left, taken on August 31, 2016, in Mount Parnassus, Grenada.

The photo below, taken in the same spot, is from March 20, 2017. Banks in Grenada have never loaned UPC money.

Sharon and I are still alive and doing well.

An Apostolic Youth Corp participant and a wild baby monkey. (In Barbados).

DEDICATION OF THE CHURCH BUILDING  
IN MOUNT HORN, GRENADA

The building in Mount Horn was dedicated at a service of the Lord. This is the first new dedicated building in Grenada to be built in cement.

Everyone was so happy to see the "Barcus" back in Grenada. They were the first missionaries to live on the island. A lot of people remembered them, and some that were blessed by him came to renew memories.

In the photo, Brother Barcus is presenting a beautiful Apostolic Study Bible to Pastor Elwin, pastor of this assembly.

Big thanks to former missionaries Devon and Carlton Jackson for their work in Grenada. Also, our thanks to the church in Los Angeles, LA., for their financial help.
