Argentina

We had the privilege of traveling back to Argentina to be with our long time friends, President and Sis Jorge Orueta for the dedication of a beautiful new building in Bahia Blanca. Pastors Abraham Bueno and the Elder Teófilo Bueno and their congregation did an amazing job in constructing this beautiful building.

Sis Orueta and Sis Dianne ministered to the ladies and 2 new ones received the Holy Ghost in that service.

We have worked in an Access Challenged Nation since 2016, first doing prayer walks and drives, then seeing the miracle work of God in action where we were told it could not happen. We have seen 6 pastors baptised and many of their leaders! We were finally able to go back in after 3 years of COVID restrictions keeping the borders closed.

We found more hunger for truth baptised another pastor and his leaders! New contacts were made and we will return as soon as we can to follow up on these new open doors.

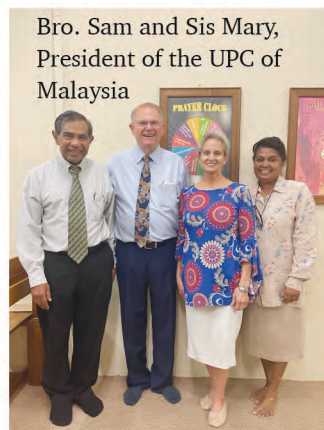

We thank you for your prayers and continual support that makes it possible for us to do what we do.

God Bless you and repay you for your sacrifice for HIS cause!
