

## WESTERN REGIONAL CONFERENCES REPORTS

People were baptized in Lake Victoria, cow ponds (with cows present) and streams.

In Mwanza, Assistant Superintendent Fromeni Mushi took over 110 children into the church and had a special service with them. They are our future. Outside under the trees, Pastor Reggie Bozeman from Ruston, Louisiana preached to hundreds.

The sick were prayed for and souls delivered in every conference. Many instant and progressive healings were reported.
