

# MISSION SENEGAL

Craig & Lyna Sully FALL 2023

Thanks to the generosity of so many donors, we were able to complete our building project! We now have space to welcome over 125 worshippers into a beautiful new hall that we built atop our current rented property. Great things are in store for the church in Senegal! We inaugurated this building during the first week of November during our first ever National Conference. We were so blessed to welcome Rev. Bruce Howell, the General Director of Global Missions, our Regional Director Randy Adams, and a host of other ministers from around the world to this momentous event in the history of the church in this nation! We recently hosted the Global French Summit, which took place concurrently with our National Conference. Delegates arrived from around the world to report of great revival in the French-Speaking world as well as to plan to strategically increase our footprint in these nations that desperately need to hear the Gospel.
