

1. Bro. Drost with the Tzotzil Indians. There are more than 56 indigenous language groups in Mexico. God is moving and we have many churches amongst these groups!
2. The ministers and their families of the Oeste District where I am superintendent. This is the district where we live and pastor. The UPC of Mexico is made up of 23 districts.
3. A new work in El Chante. This is in the Oeste District.
4. "See, here is water; what doth hinder me to be baptized?" Acts 8:36 Bro. Drost baptizing a man in a brand new daughter work of the church we pastor. As long as the water completely covers, it doesn't matter the shape of the container!
