

The five lakes surrounding Mt. Fuji were formed by lava flows which dammed up rivers during Mt. Fuji's many eruptions. One of the lakes, Kawaguchiko, (one of Brother Lucas' favorite fishing spots) is shown in the foreground.

## Testimony

We are grateful that Sister Hanscom was able to accompany Brother Hanscom to the conference. She had been greatly suffering from knee pain for several weeks prior to coming to Japan, some days barely being able to get out of bed. Thankfully though, for the entire week that they were here, she was without pain and was able to walk without any assistance or the use of a wheelchair. She was also able to stand and minister twice during the conference. To God be the glory!

## Healings

At the final service Brother Hanscom had a prayer line. He asked that everyone go through the line. One faithful brother has suffered for the last year from a serious heart condition. The week following the conference he monitored his heart rate as usual and found it to be perfect each day. He is continuing to gain strength. Another sister reported of being healed of fibroids.

## Corona Virus

The hall where the conference was held required the wearing of masks, temperature checks, hand sanitization, and social distanced seating. In our last PIM letter we requested prayer that there would not be a Covid outbreak at the conference. We are happy to report that we have not heard of any cases. We are still wearing masks at church and in all public places, although the government has announced that masks are not required outdoors any longer.

## Northern Region Fall Conference

September marked our first in-person Northern Region Conference in three years. Just two months before the conference the scheduled special speaker canceled. It seemed impossible on such short notice to find another speaker, but miraculously, Brother and Sister Don Hanscom were able to rearrange their schedule, book tickets, and obtain visas. Glory to God! The preaching and teaching were anointed and life changing. At least five received the Holy Ghost.
