

GUYANA GREETINGS

Greetings from Guyana, South America! We are so blessed to be back on the field for our fourth term of service! After returning in February this year we have been tremendously blessed. In March we had the Oklahoma Men's Ministry come and bless us with great work on our new Bible School Training Center. In April we had a wonderful National Conference. In July we had Compassion Services International with us to do a Women's Health Outreach where over 120 women and children were blessed, along with them joining in to minister at our Ladies' Conference. We also were excited to have our daughter, son-in-law, and grandson, AIMers Caleb, Alexia, and Caleb Ryan McDaniel arrive to assist in the work here in Guyana. Sis. Alexia McDaniel received her Local License with the UPCG in our Minister's Meeting. They have been a great blessing in their service here, assisting with VBS at the headquarters church, helping tremendously with our Youth Retreat, leading and teaching music and worship, and also preaching and teaching in one of our main churches. So far this year we have had over seventy persons baptized in Jesus name throughout Guyana and about thirty have received the gift of the Holy Ghost! God is so good! Thank you faithful Partners in Missions, both new and old, that give sacrificially to enable us to serve in this beautiful county of our calling!
