

Marcus and Renée BRAINOS France

GLOBAL MISSIONS SERVICE

Marcus and Renée are graduates of Texas Bible College, where they met and married. Marcus grew up in France and felt a burden to minister in the country since Bible college. The Brainos family received their missionary appointment to France in 2004. During their first term, they served in the headquarters church, taught at the Bible school, and were furlough replacements for the Brochu family. For the last two terms, they have been opening new works in the southeast region of France. In addition, they continue to serve in the national Bible School, teach Sunday school, and are involved in ministerial training. They look forward to expanding their roles in teaching and training leaders for the growth and development of the French-speaking church.
