

# HARVEST JAPAN

## RECENT EVENTS

I Just want to say first of all thank you all for your continued support and prayers we cannot do this without your help and it doesn't go unappreciated. January was a big month for Leon, he turned 3, and he started going to his preschool.

It was so cool that one of our Japanese friends was able to attend Leons Bday and the opportunity opened up for me to share some of my testimony. I could tell he was receiving the good news of how Jesus can turn your life around. Also, it's exciting that as Leon is going to preschool we're able to rub shoulders with people our age, hopefully these connections will grow into a salvation experience for these families and life long friendships.

## Preaching

My wife and I are so blessed to be a part of what God is doing in Osaka Japan. This is a church work led by the Lucas's, and we were invited to preach for them. I have

to say this is a lovely group of believers who are earnest for a move of God. I can see that God has huge plans for Osaka Japan and this church will be a very influential part of the harvest in the surrounding areas.

Thanks again for the support God bless !!!
