

*Jonathan and Jenny*

**FOLLMER**

*Sweden*

## **GLOBAL MISSIONS SERVICE**

Jonathan and Jenny served for over ten years as AIMers, Bible College administrators, pastors, and instructors in the UK before receiving their appointment to Sweden. Upon arriving on the field in August of 2020, they immediately began assisting the work in the capital city of Stockholm, and worked to establish a center for ministry in the city of Uppsala, where they lived. Jonathan was installed as pastor of the church in Stockholm in July 2023. The church continues to grow and leaders are being trained and released to do ministry work. In 2023, the Follmers spearheaded a new initiative for an annual Pentecost Weekend. Brother Follmer has also facilitated the development of a partnership between the Nordic District and the UK for online Bible College training. Once they return to the field, the Follmers will be working to expand the local church in Stockholm with city groups and extension works, further develop the work in Uppsala, and establish a more fully Nordic Bible College program.
