Nigeria and Uganda

## Graduations!

In November 2024 in Nigeria, we had the privilege to graduate forty Bible school students from various levels to include: Certificate level Diploma level, and Associate level. We had several online Certificate level students graduate in person.

Uganda: 40 baptized in one day at Lira Conference!

## Pray!

We have tried to purchase a building for the Lagos Bible school and have had doors close. We are asking for you to pray for the doors to open on the right building. It is a very complicated process to purchase property in Lagos, Nigeria. Thank you!

## Exciting News!

In October, 2024, we were appointed to go to Uganda where we began our missionary journey in 2011.

We are excited for this God-opportunity to go back and live there. We hope to have boots on ground by end of April 2025.

We will continue to be missionaries to Nigeria and to assist them with training and leadership mentorship.

We look forward to what the Lord is going to do!

**If you would like to help us with our transition costs, or a project, please contact us at [phelpsinafrica@icloud.com](mailto:phelpsinafrica@icloud.com)**

Yvette traveled to USA for a partial knee replacement July 31, 2024 and also a total knee replacement Nov. 20, 2024. Her recovery has gone well and she will return to the field in February. During that time her mother of 87 years passed away peacefully. God's timing is always good. We thank you for all the prayers.
