Biography

Charles and Stacey Robinette began their Global Missions ministry with Associates In Missions and military ministries assignments in Germany, Belgium, and Switzerland, from 1994 to 2002. They received full missionary appointment in February 2004 when they became appointed missionaries to Austria, Switzerland, Germany, and Liechtenstein. The Robinettes served as pastor of The Church of Acts in Vienna, Austria, for ten years, and as the General Superintendent of the German Speaking Nations for twelve years. In 2008, they pioneered the GATS-affiliated, Apostolic Ministry Training Center and facilitated Purpose Institute for continued ministry education across all four nations, with about 1,000 students involved in training since inception.

The Lord has given them great favor with the Muslim communities across the German-speaking nations, and around 150 people of Islamic backgrounds have been baptized and filled with the Holy Ghost since mid-2016. God has also opened doors amongst trinitarian churches across Germany, Austria, and Switzerland. There have been about fifty trinitarian pastors and ministers who have been Holy Ghost filled and baptized in Jesus' name and around sixty-five of them are involved in training programs with the United Pentecostal Church in the German-speaking nations. The Robinettes' appointment changed to International Evangelists in 2015, allowing them to be used across the globe.
