Regional Director of  
Central America/Caribbean

## GLOBAL MISSIONS SERVICE

The Schwarzes received missionary appointment in 1988 to Costa Rica. David served as Director of the Bible school and eventually became President of the national work. Yonda served as the Treasurer and Ladies Director on a national level. In 2012, they were appointed Regional Director of the Central America/Caribbean Region, lifting their sights from just one country to many. In 2019, the South America Region was added to their responsibilities, and they served that region along with the Central America/Caribbean Region until December 31, 2021. They are now dedicating themselves to the Central America/Caribbean Region by extending a helping hand where needed, encouraging the churches, and being a voice to and for Global Missions. They promote growth by every means available so that revival will continue in the Central America/Caribbean Region.
