What is an ACN ?

ACN stands for an "Access Challenged Nation." These are countries where it can be difficult or illegal to have public recognized churches, so congregations, in many cases work "underground."

Sometimes there are certain legal churches that are recognized by the government and a congregation can operate legally if they can get permission to meet in one of their buildings.

Our ACN on the other side of the World

After praying for 3 years and looking for contacts that might be known by other ACNs and finding none we decided to do prayer walks and drives in the ACN that God had laid on our hearts. It was within 2 weeks after those Prayer Walks that through Student ministries a contact was made. We then began to go in and minister to groups we met through that contact.

People responded with hunger wanting more of God and the truth of His Word. We began to see pastors baptized along with their leadership teams.

It was in 2019 our first church congregation was established. The work has expanded to other areas of the country and we now have 2 main congregations and a 3rd preaching point.

We ask for your prayers as special healing services are being planned for this year as a public outreach.

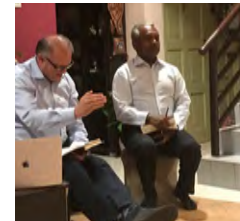

God works wonders in an ACN

Home Fellowships are always a birthday or BBQ!

Praying with a pastor and wife

Teaching a home group

Around 100 have gone swimming

Many more have received their Gift!

Thank you for your faithful support and prayer!
