

# Carl and Bethany Sledge Germany

## GLOBAL MISSIONS SERVICE

The Sledges received their missionary appointment to Germany in 2019 after two years of AIM work there. Returning to Berlin in 2021, they re-established the local church and further built the congregation in the suburb of Potsdam. During their most recent term, they also planted a church in Hamburg. Brother Sledge serves on the German District Board and has been instrumental in beginning an annual ministers and wives conference. Sister Sledge is the Assistant Secretary and recording secretary for the German United Pentecostal Church and serves on the European Prayer Commission. Training new ministers and strengthening fellowship and unity among the churches in Germany are ongoing projects and goals for the Sledges. The ministry team built in the Berlin-Potsdam work has and will enable them to extend into new cities with the gospel.
