

Mike and Miriam

**SPONSLER**

Regional Director of  
South America

## GLOBAL MISSIONS SERVICE

Since their appointment in 1981, Mike and Miriam Sponsler have served in both Ecuador and Argentina. During their two terms in Ecuador, they were involved in ministerial training and helped start five churches and the Bible school program. They then served two years in Argentina before returning to pastor in the United States. In 2006, they were called back to Argentina as AIMers before receiving their full appointment. The Sponslers have been primarily involved in Bible school work, overseeing the training facility, working with and on the national board, and helping to expand the first Bible school annex. Additionally, they have served as Area Coordinators in the Southern Cone of South America. In 2022, they were asked to serve as Regional Director of South America. They are passionate about working with the missionary families and national leadership of the region.
