Biography

Joshua is a pastor's son from Washington State. Lalaina is a first-generation Apostolic from Vancouver, Canada. Joshua and Lalaina both graduated from Texas Bible College and have served as youth pastors, evangelists, pastoral assistants, and many things in between. After being called to the missions field, the Tingleys served in Barcelona for three years through their Associates in Missions and Associate Missionary appointments. During that time they helped the nation of Spain navigate COVID, advanced technologies and sound, facilitated the construction of a new church building, preached across the country, aided in the launching of new churches, conducted prayer walks, served as financial secretary for three area churches, and taught multiple seminars. Additionally, the Tingleys served as furlough pastors in the nation of Andorra, during which time they saw many receive the Acts 2:38 message. The Tingleys are now Intermediate Missionaries to the countries of Haiti and the Dominican Republic, where they are involved in the national work, training, Bible school, and humanitarian aid. They will be running the first missionary training center in the CAC, the Missionary Gateway Center, in the Dominican Republic. Their focus is to train and equip new missionaries for work in the CAC region and beyond.
